

Resources

STAR Stories

An effective way to answer interview questions and give job presentations is using a STAR story, where STAR stands for **S**ituation, **T**ask, **A**ction, **R**esult. See [this Carnegie-Mellon description](#).

Fall 2025 Data+AI Course

Website

The Data+AI course was offered for the first time at UIC during the Fall 2025 semester and can be found on [this website](#).

Course Evaluations

Spring 2026

- See the [CS](#) and [Finance](#) section course evaluations (pdf)

Fall 2025

- See the [CS](#) and [Finance](#) section course evaluations (pdf)
- See the Fall '25 final [summary statistics](#) based on weekly student surveys.

Prompting Guide

Learn how to make better prompts when using GenAI (CoPilot, Gemini, ChatGPT) with the [Gemini Prompting Guide](#).

While it was written with Gemini in mind, it applies equally to other AI systems, and can help you get the results you are looking for.
